EXPERIENCE

iOS Developer

Coviam

📅 Feb 2018 – Ongoing 📍 Bengaluru, KA

- iOS app developer for Indonesian e-commerce giant **Blibli.com**
- **Blibli.com**
 1. **Blibli Quiz**, an in-app pop quiz, where users enter into a lucky draw contest on answering correctly.
 2. **Blibli Live**, a section which allows users to watch a commercial for a product before buying it.
 3. Developed the **11-11 Blibli AR Game**, which leverages Apple's **ARKit** SDK to deliver a Pokemon-Go like experience to shoppers across Indonesia.
 4. Leveraged **Fastlane** and **Jenkins** to automate daily Beta builds and on-demand builds for Blibli iOS App.
 5. Worked with integrating external dependencies via both CocoaPods and Carthage.
- **Edison Partners**
 - Worked on **Edison Edge Events**, an iOS app for attendees of events by Edison Venture Fund
 - Worked with Associated Domains and Firebase Authentication to enable user to sign in using email link authentication
 - Binds with Firebase Database to deliver events updated in realtime on the app screen
 - Also utilizes other Firebase Services, like FCM, Firebase Remote Config and Firebase Storage

Android Development Intern

XCognition

📅 Dec 2016 – Jan 2017 📍 Mumbai, MH

- Worked on building the official app for aspectwise.in (now buzzopinion.com).
- The app utilizes Firebase for providing Social Login mechanisms (Login via Facebook, Google, or your email).
- Implemented Google Voice APIs to provide voice-based interactions and feedback.
- Worked extensively on REST APIs to send and receive data. Implemented Firebase Database to keep track of active users.

Android App Developer

National Institute of Ocean Technology

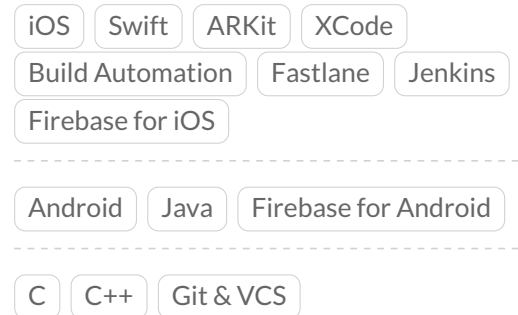

📅 Nov 2015 – July 2016 📍 Chennai, TN

- Designed an Android app capable of presenting data collected from buoys operating under the National Data Buoy Program in an easy to comprehend and efficient manner.
- It also allows researchers to request additional data from NIOT through a built-in request form.

ABOUT ME

"I am an explorer, ready to take on diverse roles. Passionate about programming, I am also equally comfortable with leadership roles. I enjoy experimenting with new development tools and I keep myself up-to-date with the latest in the world of technology."
